Intro

A l'école, on a toujours des idées plein la tête ! Des tonnes d'envies et de projets à réaliser avec les enfants. Et toujours des fonds à trouver ...

Les enfants sont des artistes en herbe. A partir de leurs dessins, vous pouvez créer des produits originaux et rigolos à revendre pour financer vos projets pédagogiques.

C'est donc ça la bonne idée !

Réaliser des objets illustrés avec les dessins des élèves.

5 bonnes raisons de se lancer

1- Une activité pédagogique

2- Un moment ludique

3- Faire plaisir aux parents en leur proposant un souvenir d'école de leurs bambins.

4- Remplir les caisses de la coopérative scolaire

5- Un large choix d'objets utiles !

*À retrouver
en page 32 !*

Bien choisir son thème

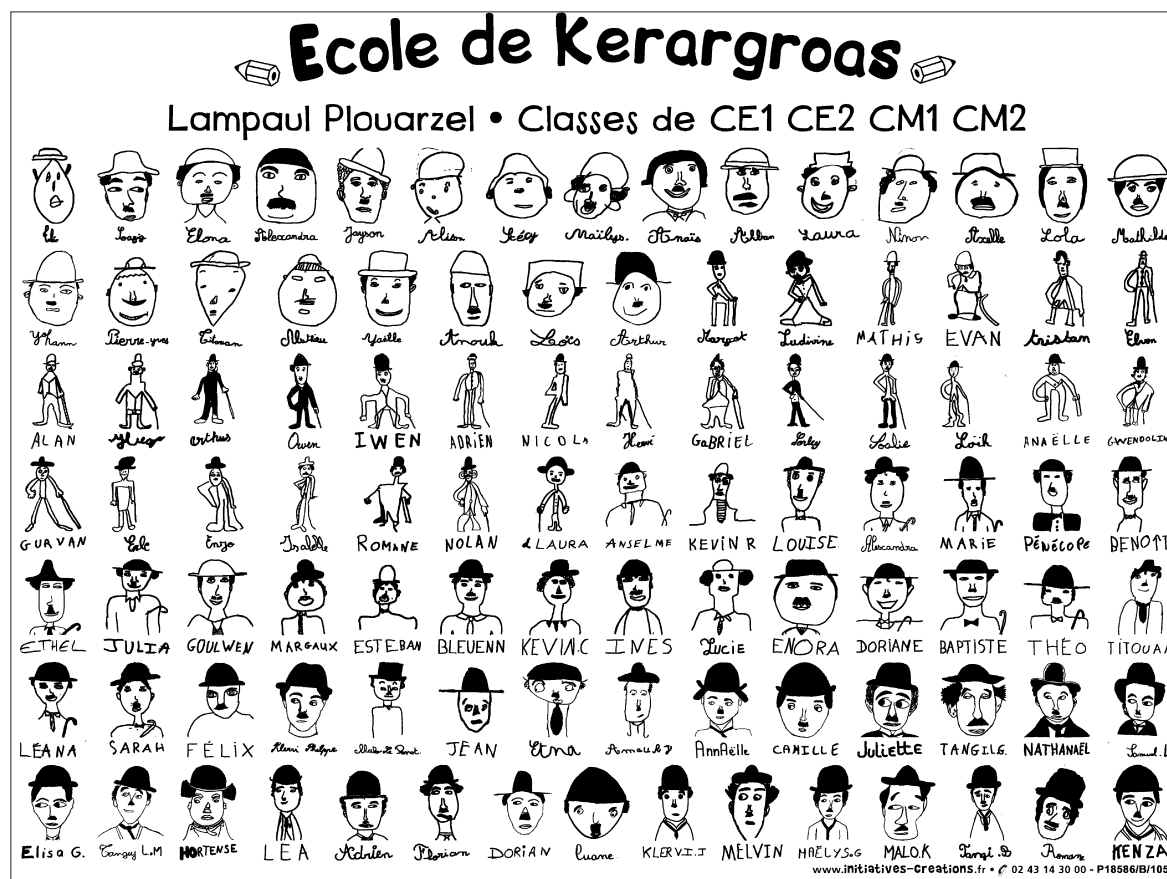

Ne sous-estimez pas le talent de vos élèves... quel que soit leur âge !

Des élèves de maternelle aux élèves de collège, ces créations sont à la portée de tous. Chacun dessine à sa façon. Voir son dessin imprimé restera toujours une fierté.

Au programme : des résultats époustouffants

En voici un joli exemple avec ce thème de *Charlie Chaplin* !

En mode 100% Créatif ou en mode Contour

Si vous voulez faciliter la réalisation des dessins, vous pouvez toujours opter pour des thèmes à contour. La même forme de départ pour tous. Puis chacun vient décorer à sa façon (voir page 8 les exemples avec les silhouettes des petites mains)

Ne cherchez plus l'inspiration !

150 idées de thèmes vous attendent ! 11 rubriques pédagogiques pour coller à vos programmes.

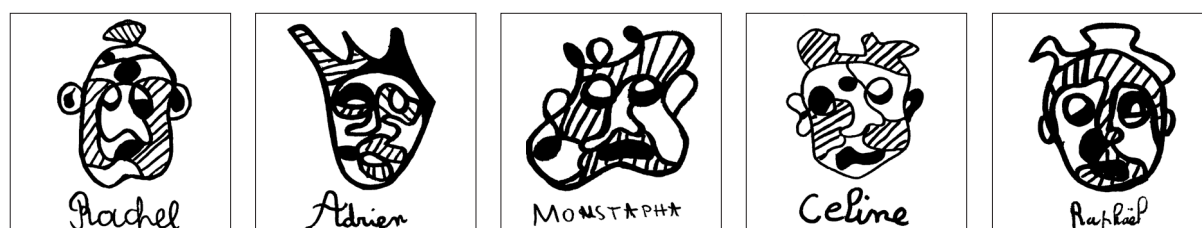

A : Petits artistes en herbe

Et si on dessinait «à la manière de...» ?! L'observation de peintres célèbres, une symphonie écoutée ensemble, la visite d'une expo ou une histoire racontée en classe servent de point de départ. Ensuite il n'y a plus qu'à admirer le fruit de leur imagination.

Bien choisir son support

Certains objets peuvent accueillir plus de dessins que d'autres, ils sont plus adaptés à un projet d'école.

En voici un joli exemple avec ces *serviettes microfibre et les sacs cabas !*

D'autres sont plus adaptés pour créer un souvenir de la classe.

Par exemple avec ces *sacs à dos en coton ou les mugs.*

“ Un souvenir du passage des enfants à l'école

C'est très agréable pour les enfants d'avoir un souvenir de leur passage à l'école. Cela permet aussi de voir l'évolution des compétences des enfants au fil des sections de maternelle.

ECOLE MATERNELLE ST PERAVI - SENLIS (60)

“ Apprécies le concept kit et bons de pré-commande

C'était notre première opération «torchons» et elle a bien fonctionné. Le concept du kit avec les bons de pré-commande est très appréciable. Nous avons été livrés à la date souhaitée. Nous sommes entièrement satisfaits.
